1	2	Conclusion
2	4	Principle
3	8	Theory
4	9	Methodology
5	10	Practice
6	16	Objective
7	18	Implementation

Major Design Language Types

1	1	Analysis
2	3	Hypothesis
3	5	Data
4	6	Research
5	7	Evidence
6	11	Concept
7	12	Perspective
8	13	Innovation
9	14	Strategy
10	15	Evaluation
11	17	Experiment
12	19	Outcome
13	20	Resource

Purpose

The implementation of Design Language Types (DLTs) addresses the challenges presented by inflexible hierarchical data structures. DLTs facilitate powerful inquiries that interconnect pertinent data, guided by broad, multidisciplinary artistic movements that are firmly rooted in various media types, disciplines, and practices.
